A Message from Michael

### BUILDING A LIFE OF FAITH

Life can be tough. We all go through hard times, whether it's facing personal struggles, tough decisions, or difficult relationships. During these moments, it's important to remember what faith really is. Hebrews 11:1 says, "Now faith is the assurance of things hoped for, the conviction of things not seen" (ESV). Faith means trusting in God, even when we don't know what's going to happen. It's believing that God has a plan for us and is working things out for our good, even when the future seems unclear.

As members of the body of Christ we are committed to building our lives on faith. This faith is not just wishful thinking. It's based on what we learn from God's Word and by following Jesus. As we study the Bible, our faith grows stronger, and we learn to trust God more. We start to rely on His wisdom instead of our own, seeing beyond our problems and understanding that He is in control.

But faith isn't just about what we believe; it's also about what we do. James 2:17 says, "Faith by itself, if it does not have works, is dead." True faith means putting our belief into action. That could be serving others, sharing the good news, or living in a way that shows Christ's love. Each day gives us a chance to strengthen our faith and live out what it means to be a Christian.

As we worship today, let's think about how strong our faith is. Are we fully trusting God in everything we do? Are we showing our faith through our actions? Let's work together to build lives that show real faith, grounded in God's Word, and be examples of Christ's love to the world.

We want to thank you for worshipping with us this morning here at the Leoma Church of Christ, feel free to check out all of our events coming up in this copy of the Leoma Family News as well as find out from some of our beloved member

In Him,  
 Michael Mullinicks
