Headlines with Hester...

Hello and welcome! Rodney is gone to a gospel meeting at the Fairview Church of Christ in Pulaski, and I have the opportunity of bringing the thought from God's word today. I am very thankful in that we are able to be together in person, and I am thankful that you decided to make God a priority today.

When I look around today, I see a lot of people that are VERY frustrated. In saying that, frustrations can come from very different places. Some people are frustrated that they are being asked wear a mask, and others are discouraged at people who refuse to wear masks. Many individuals are more than ready to go back to normal life, while others are still apprehensive in being around other people. Unfortunately, these frustrations are coming into the Lord's church.

If you are frustrated today about some things concerning the Corona virus... that is okay. It's okay to be frustrated. It's okay to be discouraged by some things. In all reality, that's how life is right now. However, we cannot let our frustrations get in the way of who we are as God's people. If you read about Jesus and his life, he becomes super frustrated many times. Yet he never sinned, he never was hateful, and he never let his frustration get in the way of his ministry. If you have time this morning, look at Mark 8:12-21. These are just a few times where Jesus became frustrated.

I find myself this morning being thankful. If being considerate of other people is the hardest decision I have to make today, today will be a good day. Personally, I am thankful to be with you all today. There are many people in the world that will meet today in fear for their lives. Yet in their fear, they will sing with all of their heart. At the end of worship, they won't want to go home. They would rather spend time with their brothers and sisters worshipping our awesome and amazing God. My prayer is that all of us will feel the same way

Let's all worship today as this will be the most important thing we do today.

In His love,

Joshua Hester
